17th-18th Century AD

**Computers & Robotics**  
20th-21st Century AD

CONVERSION LOGIX

# The ATM: An Automation Success Story

---

---

# What Actually Happened?

**Branded ATMs in public locations improved customer satisfaction and brand loyalty.**

**Increase in demand for services that require skilled employees.**

As ATM installations grew from the 1970s through the 2000s, **bank employment increased too.**

# Growing Need for Automation in Marketing

**1** Marketing is happening across more channels

**2** Customer preferences are changing quickly

**3** Sales & marketing are wearing more hats

# Where We Are in the Automation Journey

## Integration

---

Sending information across teams, vendors, and entire organizations in real time.

## Using built-in tools in sales and marketing platforms

---

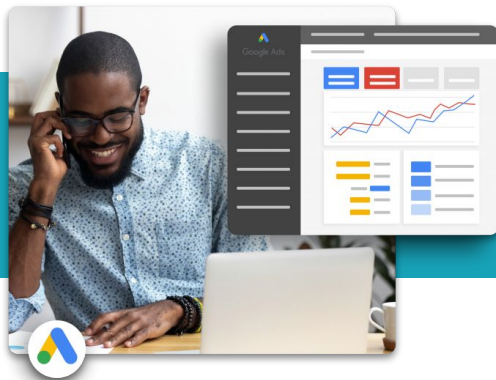

Utilizing automation in CRMs and Ad Networks (Google, Facebook, TikTok, Display)

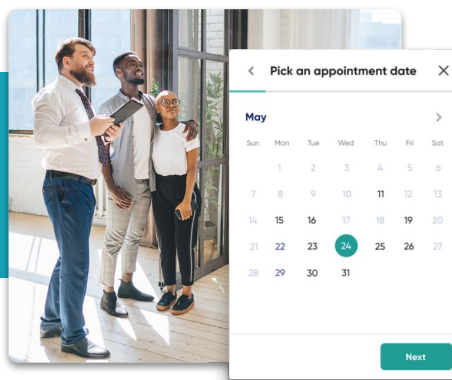

# How Ad Automation Can Help Multifamily

# How Ad Automation Can Help Multifamily

## Instant Optimization

Gather data, analyze information, and apply it to quickly to improve performance.

## Speed to Lead

Prospects expect instant responses to requests leading to the rise of bots, self-scheduling, and autoresponders.

## Real-Time Ad Updates

CRM data can help us make real-time ad updates to ensure offers are up-to-date, available floorplans are promoted, and pricing is accurate.

# How Media Platforms are Evolving

## Search Ad Automation

Google has instituted automation to help advertisers select AI strategies.

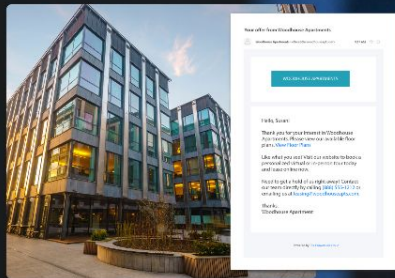

- Auto Apply Recommendations
- Automated Bidding
- Responsive Ads

## Social Ad Automation

**Facebook ad objectives** can find audiences likely to take different actions on your ads.

**TikTok's "For You Feed"** is leading the charge in video curation, delivering highly personalized videos based on interests, behaviors, and search patterns.

# Speed to Lead Solutions

---

Prospects expect instant communication when they shop online.

Slow response times can lead to leads dropping out of your funnel.

## Automated Solutions

- Chatbots
- Email and Text Autoresponders
- Gated Virtual Tours
- Self-Scheduled Property Tours
- Offer Redemption

# Real-Time Ad Updates to Increase Performance

Integrations give us the ability to instantly identify your community's needs allowing us to:

1. Make campaign adjustments when occupancy rates dip
2. Launch offer updates on ads
3. Promote specific floor plans when availability changes
4. Update pricing in ads

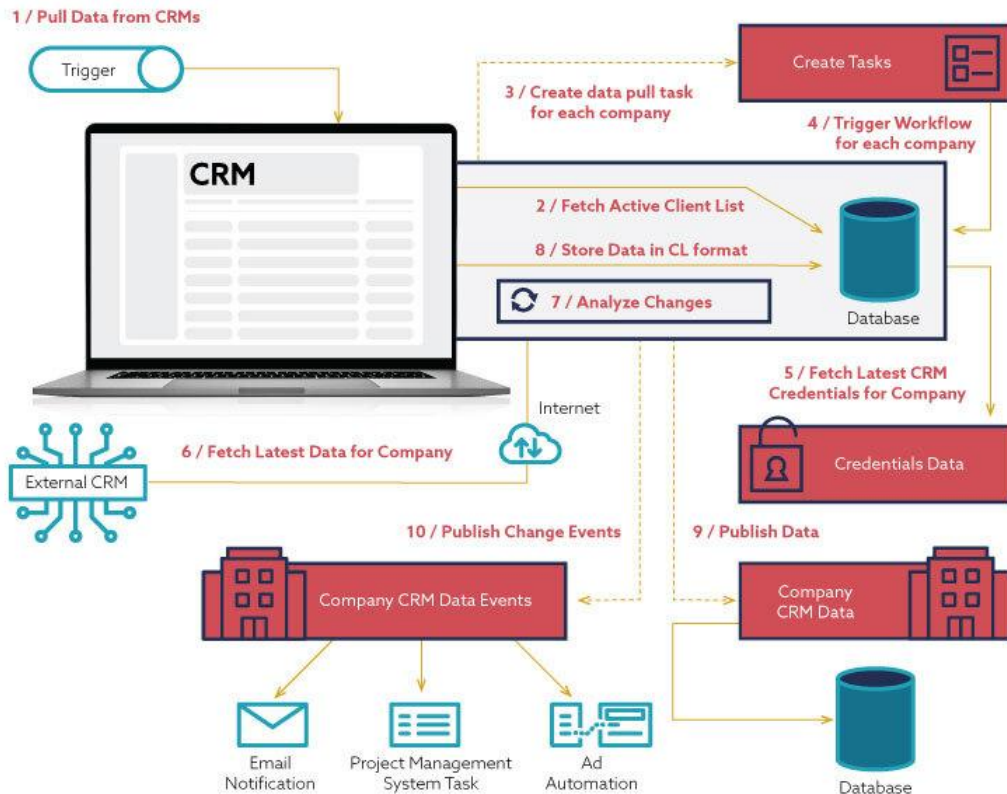

# Ad Automation in Action

We're building an automation engine to proactively optimize campaigns based on property data.

Starting with:

- Pricing
- Availability
- Concessions

Through integrations with Yardi, RealPage, Entrata

# The Future of Automation

# Areas of Focus in the Future

---

## Omnichannel Campaigns

Developing a unified and consistent cross-channel experience.

## Personalized Marketing

We are moving from one-to-many to one-to-one marketing.

# Omnichannel Marketing

Prospects receive consistent experiences from brands across multiple channels.

# Personalization Is Becoming an Expectation

**64%** of customers expect personalized engagements based on prior brand interactions. (Salesforce)

**33%** of customers who abandoned a business relationship did so due to poor personalization. (Accenture)

# Prepare Your Organization for Automation

# How to Prepare Your Organization for Automation

**Implement customer journey tracking.**

1

**Automate responses to web inquiries.**

2

**Centralize and standardize marketing data.**

3

**Partner with ad automation specialists.**

4

# What Organizations Need to Reach Omnichannel

Increase engagement on digital channels to **capture more information about prospects**

Use automation to **build detailed consumer profiles**

Deliver **hyper-personalized customer experiences** at scale.

**Connect data** between platforms to **attribute multichannel marketing** and deliver **consistent experiences**
